Voluntary Contributions

This is a major source of our educational and school program funding. We seek families' support with respect to Voluntary Contributions, so that Sandringham Primary School can continue to deliver the best education for your child. A key factor in our success and the quality of our academic and co-curricular programs is the support we have had from our community over many years through financial contributions. Thank you to all of those families who continue to make a contribution to our school.

You can make a voluntary contribution that goes towards all of our school's important priorities for 2021 as well as providing additional activities and services for all students.

Your child will not be disadvantaged if you do not make a voluntary contribution. All records of voluntary contributions are kept confidential as well as your decision about whether to make a contribution or not.
